THE
CY FRANK
LEGACY LECTURESHIP

Cy Frank Rising Innovator Award

Once again, we are pleased to offer the Cy Frank Rising Innovator Award which honors a trainee whose research reflects Dr. Frank's enduring legacy. This award recognizes outstanding work that embodies the core values of innovation, multidisciplinary collaboration, and translational potential and impact in the field of musculoskeletal health and research.

Trainees including graduate students, PDFs, and clinical residents and fellows whose research focuses on musculoskeletal health and who are supervised by a McCaig Institute member are invited to apply. The selected awardee will receive a $500 prize and have the unique opportunity to present their work in a short presentation at the Cy Frank Legacy Lectureship on September 18, 2026, showcasing how today's emerging research continues to build upon Dr. Frank's vision.

APPLICATION DEADLINE:

Applications are due on JULY 31, 2026 4:00pm

Please submit your full application to the McCaig Institute for Bone and Joint Health.
Incomplete applications or responses exceeding the word limit will not be considered.
